EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Rodney M. Anderson on November 7, 2005.

3. The application has been amended as follows:

In the claims:

Claim 13, line 1: "claim 13 further" has been changed to "claim 11 further".

Claims 18 through 22 have been canceled.

4. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or suggest, alone or in a combination, among other things, at least a demodulating finger and its method in a direct sequence spread spectrum (DSSS) communications receiver as a whole, the combination of elements and features, which includes a plurality of demodulating fingers, each demodulating finger of a plurality of demodulating fingers having sample stream inputs to accept a plurality of sample streams and a selection input connected to a controller output to accept sample stream selection command. Each demodulating finger includes a multiplexer having plurality of inputs connected to the sample stream inputs to accept the plurality of sample streams and a select input connected to the selection input to
